

Miami Valley Land Suitability Assessment - Natural Environment Factors

2007

Miami Valley Regional Planning Commission

Table of Contents

Miami Valley Suitability Assessment - Natural Environment

Table of Contents.....	i
List of Figures.....	ii
List of Tables.....	iii
Introduction.....	1
Methodology.....	2
Depth to Bedrock.....	3
Floodplain.....	4
Forested Areas.....	5
Ground Water Pollution Potential.....	6
Ground Water Yield.....	7
Inundation Areas.....	8
Load Bearing Strength.....	9
Mineral Resources.....	10
Prime Farmland.....	11
Slope.....	12
Soil Drainage.....	13
Sole Source Aquifer.....	14
Surface Water.....	15
Well Field Protection Areas.....	16
Wetlands.....	17
Natural Environment Suitability Measure.....	18
Natural Environment Suitability Comparative Analysis.....	19
Conclusion / References.....	21
Appendix: Land Suitability Scoring System.....	22

For more information

Please visit www.mvrpc.org for a copy of this report. Questions or comments should be directed to Bethany Heim, GIS Specialist / Planner at bheim@mvrpc.org.

MVRPC is a voluntary association of governmental and non-governmental organizations serving as a forum and resource where regional partners identify priorities, develop public policy, and implement strategies to improve the quality of life and economic vitality throughout the Miami Valley Region.

List of Figures

Miami Valley Land Suitability Assessment - Natural Environment Factors

Figure 1	Study Area	1	SLP.1	Regional Land by Slope Classification.....	12
Figure 2	Natural Environment Factors	2	SLP.3	County Land by Slope Classification	12
Figure 3	Summing Suitability Scores	2	SLP.4	Regional Distribution of Land by Slope Classification.....	12
DBR.1	Regional Land by Depth to Bedrock Classification.....	3	SDR.1	Regional Land by Soil Drainage Classification	13
DBR.3	County Land by Depth to Bedrock Classification.....	3	SDR.3	County Land by Soil Drainage Classifications	13
DBR.4	Regional Distribution of Land by Depth to Bedrock Classification	3	SDR.4	Regional Distribution of Land by Soil Drainage Classifications	13
FPL.1	Regional Land by Floodplain Classification	4	SSA.1	Regional Land by Sole Source Aquifer Classification.....	14
FPL.3	County Land by Floodplain Classification.....	4	SSA.3	County Land by Sole Source Aquifer Classification.....	14
FPL.4	Regional Distribution of Land by Floodplain Classification	4	SSA.4	Regional Distribution of Land by Sole Source Aquifer Classification.....	14
FL.1	Regional Land by Forest Classification.....	5	SFW.1	Regional Land by Surface Water Classification.....	15
FL.3	County Land by Forest Classification	5	SFW.3	County Land by Surface Water Classification.....	15
FL.4	Regional Distribution of Land by Forest Classification.....	5	SFW.4	Regional Distribution of Land by Surface Water Classification.....	15
GWP.1	Regional Land by Ground Water Pollution Potential Classification	6	WFP.1	Regional Land by Well Field Protection Classification.....	16
GWP.3	County Land by Ground Water Pollution Potential Classification	6	WFP.3	County Land by Well Field Protection Classification.....	16
GWP.4	Regional Distribution of Land by Ground Water Pollution Potential Classification	6	WFP.4	Regional Distribution of Land by Well Field Protection Classification.....	16
GWY.1	Regional Land by Ground Water Yield Classification	7	WTL.1	Regional Land by Wetland Classification.....	17
GWY.3	County Land by Ground Water Yield Classification	7	WTL.3	County Land by Wetland Classification	17
GWY.4	Regional Distribution of Land by Ground Water Yield Classification	7	WTL.4	Regional Distribution of Land by Wetland Classification.....	17
INA.1	Regional Land by Inundation Classification.....	8	LSM.1	Natural Environment Suitability Composite Map.....	18
INA.3	County Land by Inundation Classification.....	8	LSM.2	Regional Land by Development Potential Classification.....	18
INA.4	Regional Distribution of Land by Inundation Classification.....	8	LSM.4	County Land by Development Potential Classification	18
LBS.1	Regional Land by Load Bearing Strength Classification.....	9	CA.1	Population Density overlaid with Suitability Composite Map	19
LBS.3	County Land by Load Bearing Strength Classification	9	CA.2	Population Change overlaid with Suitability Composite Map.....	19
LBS.4	Regional Distribution of Land by Load Bearing Strength Classification.....	9	CA.3	Population Density and Population Change with Suitability Composite Map	19
MNR.1	Regional Land by Mineral Resources Classification.....	10	CA.4	Existing and Future Development Map.....	20
MNR.3	County Land by Mineral Resources Classification.....	10	CA.5	Lands Planned for Future Development with Suitability Composite Map	20
MNR.4	Regional Distribution of Land by Mineral Resources Classification.....	10	CA.6	Lands Planned for Future Development with Suitability Composite Map	20
PFL.1	Regional Land by Prime Farmland Classification	11	CA.7	Lands Planned for Future Development with Suitability Composite Map	20
PFL.3	County Land by Prime Farmland Classification	11			
PFL.4	Regional Distribution of Land by Prime Farmland Classification	11			

List of Tables

Miami Valley Suitability Assessment - Natural Environment

DBR.2	County Share of Land by Depth to Bedrock Classification	3
FPL.2	County Share of Land by Floodplain Classification	4
FL.2	County Share of Land by Forest Classification.....	5
GWP.2	County Share of Land by Ground Water Pollution Potential Classification.....	6
GWY.2	County Share of Land by Ground Water Yield Classification.....	7
INA.2	County Share of Land by Inundation Classification	8
MNR.2	County Share of Land by Mineral Resources Classification	10
PFL.2	County Share of Land by Prime Farmland Classification	11
SLP.2	County Share of Land by Slope Classification.....	12
SDR.2	County Share of Land by Soil Drainage Classifications.....	13
SSA.2	County Share of Land by Sole Source Aquifer Classification	14
SFW.2	County Share of Land by Surface Water Classification	15
WFP.2	County Share of Land by Well Field Protection Classification	16
WTL.2	County Share of Land by Wetland Classification.....	17
LSM.3	County Share of Land by Development Potential Classification.....	18
